Water and Living Water

Water means life in Ewaso Ngiro. All the water sources are unstable in this village of several thousand people. The rainwater is only available during the rainy season. The ponds dry up during the dry seasons, the river trickles and is contaminated due to farming, human waste, and animals.

One of the more successful safe water solutions is a bore well. A bore well can cost anywhere from \$14,000 to \$20,000 depending on the depth. The goal is to put the well on private property large enough for the well and a church. A church also provides an opportunity for the village children to gain an education.

What if 10 churches or 10 individuals or businesses donated \$2500? That would meet immediate needs and open the door for the Gospel. "But the water that I shall give him will become in him a fountain of water springing up into everlasting life." (John 4:14)

We are seeking church partners to help meet this need. I am available to speak to churches or church groups to share the vision for this project. Also, I plan to take a mission team to the village in October to minister to the village and its children.

Please pray for this need, this work, and the offering that is needed.

"Points of Emphasis" by Tim Shull

Several EBA churches practice a wonderful tradition: they take note of when a sister church is having **revival services** and they form a group to attend one or more of those services. One church even cancels their Wednesday night prayer meeting for adults and invites everyone instead to go to revival at the sister church. This helps and supports the other church, but it also promotes fellowship in the visiting group and gives folks a chance to hear the Word proclaimed by other preachers. I recommend this cooperative practice to all our churches.

Let us know at the EBA office as soon as you set the date and details for your revival. We keep a list; so, if a church is not required to have revival on a certain set week, that church could call us to see if there is another church already having revival that week. I find it to be a marvelous blessing to attend at least one of each revival meeting.

Likewise let us know when you have made your **Vacation Bible School** plans. Be sure to include the dates and specific times and what theme/curriculum you are using. We have started that list for 2020, so please get on our list as soon as you know.

At the Executive Committee meeting on March 24, we will hear a

presentation from Rev. Craig McDaniel about his mission trip to
Kenya and his vision for a well and church building in the village of
Ewaso Ngiro. Our Missions Development Committee will lead the
association to prescribe that this year's **Edgefield Baptist**Association Missions Offering go to this endeavor. We can
reflect upon Acts 1:8 and the multi-location commission of our Lord,
"You will be My witnesses in Jerusalem, Judea, Samaria and to the
ends of the earth", and recall that in recent years our EBAMO has
been for a local venture, a regional cause, a cross-cultural
opportunity, and a national partnership. What's missing from our
'here, there and everywhere' Acts 1:8 obedience is an international
project. The well in **Ewaso Ngiro, Kenya** is that opportunity, so we

invite churches and individuals to give through the EBAMO to this cause.

The 11th **Churches Changing Communities** is July 12-17. While our reputation throughout the region as "the people who fix things" is well-earned, the *ideal* construction/repair project comes to us through one of our churches. We'd like to help people who are in the sphere of ministry/outreach of your church, so that your church can carry out good follow-up. We want it to be known that it's God using *churches* to change communities for His glory. So, let us know if your church knows of a need that, working together, we can address. May all at your church understand that Christ has blessed us so that we can be a blessing.
